

# How Value-Based Programs Stay Ahead in Foodservice

The 5 plays that keep Medicaid-driven senior living communities on par with the best.

# Compete Like the Best, With Less

Value-based care (VBC) communities must deliver satisfaction and compliance without “top-tier” budgets.

These five plays show how efficient programs stay ahead while others fall behind.

# THE 5 FOODSERVICE PLAYS THAT WORK

## SOFTWARE-DRIVEN EFFICIENCY

Digitize menus, reorders, and tray accuracy to cut manual work and **eliminate errors**.

## DATA-DRIVEN REORDERS

Stop overbuying. Smarter par-level and usage alerts **reduce** waste.

## AUTOMATED HEAT & HOLD

Keep meals safe and hot without adding labor. Automation ensures **consistent** temperatures and compliance.

## ONE-PAGE OPS BOARD

One shared dashboard keeps your team **aligned** and every service on track.

## RESTAURANT-STYLE CHOICE

Offer **variety** residents love with “core + alternate” menus that don’t overload prep teams.

# **Make Foodservice Radically Easy**

With PFS, value-based communities run efficient, compliant, restaurant-style dining without the cost or chaos.
